

7-20-15

Aemise Miles,

I am writing this letter in regards to the dog at Christopher Bucceri house.

For the last 3 yrs. his dogs have been barking all day and all night. I could never hear the dogs when I was in my home.

When my husband and daughter are in the wood hunting that's all you could hear. I feel Mr. Bucceri should not be given a kennel licence. So look at the yard where all the dogs are it is not being cleaned.

I have heard things about how the dog look, and the smell around the house is bad. I know that's hear say. But the dogs have not been heard in a while since he is being looked into.

Thank you Cheryl Nixon
